

Philips Azurion-12 Cath lab commissioned at DBASI MJPJAY & PMJAY beneficiaries also to benefit

Datta Meghe Institute of Medical Sciences (Deemed to be University) (DMIMS) located in a 125-acre campus in Sawangi (Meghe), Wardha has now commenced Datta Meghe Medical College (DMMC) in Wanadongri, Nagpur. Through its 450 bedded teaching hospitals namely Shalinitai Meghe Hospital & Research Centre (SMHRC) and Dr. Babasaheb Ambedkar Super Speciality Institute (DBASI); they are ensuring timely quality round the clock multi super-Speciality health care services to needy central Indians. With its advanced infrastructure and full-time qualified specialists and super specialists, these hospitals are now a boon for the common man.

A latest state of Art Cath Lab – Philips Azurion -12 was dedicated to nation recently at DBASI by **Shri.Dattaji Meghe**- Chancellor, DMIMS in presence of **Dr. Rajiv Borle**- Vice Chancellor, DIMIMS, **Dr. Anup Marar**- CEO(Healthcare), Meghe Group of Institutions, **Dr. Ujwal Gajbe**- Dean, DMMC, **Dr. Vasant Gawande**- CMS, SMHRC and many senior faculty members.

This novel unit is ceiling suspended combo Cath lab designed to perform Neurological Interventions, Oncology Interventions, Vascular Interventions apart from regular complex Cardiac Interventions. This Cath lab is equipped with a 12-inch flat-panel detector which provides superb image quality. The latest application like 3D Roadmap, Smart C.T. Angio, and dynamic coronary roadmap is available on this unit which helps the operator to perform Complex Interventional and Coronary Interventional procedures with precise perfection. The Team of dedicated Cardiologists namely **Dr. Abhay Tidke & Dr. Chetan Rathi** renders their expertise at this division. Moreover, the Interventional Radiology team is led by **Dr. Pankaj Banode** who has 18 years of experience in the field of neuro-interventions, onco-interventions, and Endovascular Interventional procedures. The team has experience of performing more than 15000 laser/RF ablation for varicose veins, more than 15000 angiography, more than 10000 angioplasty and Embolization procedures. Also, the team has experience for performing more than 2000 complex Neuro-interventional procedures and more than 100 aortic intervention procedures.

The division also caters to MJPJAY and PMJAY beneficiaries so it is boon for the common man. Highlighting this undertaking, **Dr. Sudhir Singh**- Professor and SMHRC MJPJAY Coordinator stated that as on date needy MJPJAY and PMJAY beneficiaries are running from pillar to post for Interventional Radiology services. Hence this unit which will provide both complex Cardiology and Interventional radiology services under one roof will surely prove to be very helpful to the needy. Moreover, the Cath Lab has attached 20 bedded advanced Intensive Care Unit. For packages and appointment some may connect in 0712-3521213/ 9561594214.
